

# 30<sup>TH</sup> INTERNATIONAL MONTESSORI CONGRESS

**MÉRIDA, YUCATÁN | MAY 2026**

**+2,000 LEADERS. 60 COUNTRIES. 1 LEGACY OF PEACE.**

# MONTESSORI IS NOT A METHOD. IT'S A PHILOSOPHY TO TRANSFORM THE WORLD.

Montessori education does not just teach — it shapes conscious, empathetic, and free human beings.

Based on science, peace, and human dignity, it's a real tool for social change, implemented in prisons, marginalized communities, and conflict zones.

Horme  
MONTESSORI MEXICO

In Mexico, **Horme** drives this transformation by connecting and strengthening more than 20 projects that use Montessori to rebuild the social fabric. This way of educating has quietly changed thousands of lives. Today, we need its voice to be louder than ever.
